VERBAL EXPLOSIONS AT NORMAL HILL IN ATTACK ON P. E. FARES

'Go Get 'Em!' Orders Mayor Spencer Robinson to City Attorney Bert Woodard

Discrimination against cities within a fifteen-mile radius of Los Angeles was charged this morning by City Attorney Bert P. Woodard of Glendale, reinforced by Alhambra and South Pasadena counsel, in a sharp attack on the Pacific Electric passenger fare increase at the state railroad commission's hearing of protests.

Normal Hill center auditorium again this morning was literally loaded with verbal dynamite. Mayor Spencer Robinson, who is personally directing the Glendale fight, instructed City Attorney Woodard and City Manager W. H. Reeves to "either get thrown out of the commission's hearing or get thrown out of the city hall here."

"Go get 'em" is the war cry of the civic representatives who are thoroughly aroused to the danger confronting this city. Attorney G. H. King, James M. Rhoades, secretary; E. F. Sanders, assistant secretary; and Dr. Jessie A. Russell, chairman of the civic committee, are on the firing line for the Chamber of Commerce.

Question Traffic Manager

O. A. Smith, traffic manager of the Pacific Electric, was questioned by the attorneys as the first witness. Smith admitted that within the 15-mile radius the mileage rate was 1.20 cents and from fifteen to twenty miles from Los Angeles .96 and outside of a twenty-mile radius, nine-tenths of a cent. Smith also admitted, under examination by Tom Gould, Alhambra city attorney, that the 35.1 per cent revenue was within the fifteen-mile radius and 64.9 per cent outside of the fifteen-mile zone.

An attack on the calendar month

WAR IS OVER, SO WHY RAISE RATES? W. H. REEVES ASKS

Glendale City Manager Cause of Big Sensation at the Commission Hearing

Hot criticism of their action in granting increased rates to the Pacific Electric was delivered to the state railroad commissioners today by William H. Reeves, city manager of Glendale, from the witness stand at the commission's hearing in Los Angeles of protests against the rate increase.

Reeves, turning in his chair so as to face the commissioners, declared that the people of Glendale believe the rate increase to be "unjust, oppressive and extortionate."

"In Glendale we believe that the railroad commission are servants of the public, appointed to serve and protect the people instead of forcing extortionate rates like these on them," Reeves said.

"We feel the commission has not given sufficient consideration to the fact that the war is over—was over years ago."

Reeves announced that the people of Glendale demand that the commissioners reduce the Pacific Electric rates and that if such action is not taken Glendale will establish a municipally owned motor bus line to Los Angeles.

"And I'd like to ask right now whether the commissioners will grant the city of Glendale permission to operate such a bus line if the rate reduction isn't made?" Reeves said, again facing the commission.

President Brundige spoke for the commission in answer to Reeves' question. "That can't be answered at this time," he said He also characterized the question as "entirely improper."

Reeves' testimony was the sensation of the hearing.

Reeves' statement followed a grilling of O. A. Smith, traffic manager of the Pacific Electric, by Tom Gould, city attorney of Alhambra, who charged that the rate increase discriminates against communities within fifteen mile radius of L. A. and in favor of those outside of fifteen-mile zone.

"The commission states in its report that it wants to accomplish least hardship on persons who ride on Pacific Electric lines," Reeves said:

"The least hardship on rider can be accomplished by the elimination of zone rates which are manifestly unfair.

"We feel that the commission has not given sufficient consideration to the fact that the war is over. We contend that there has been a decrease in the cost of material and labor and in the operating expense of the P. E. since the end of the war."

Premium on Poor Service

Reeves then pointed to that part of the commission's report granting the increase in which it was stated that increased revenue was needed to improve the P. E. service and system:

"In the place of that confession of poor service the commission has put

PROGRAM OF MUSIC, ALSO DRAMATICS, GIVEN AT CLUB

Mrs. Melba French Barr Proves Clever Entertainer; Forum Meeting in February

A very interesting program of music and dramatics was given before the members of the Tuesday Afternoon club at its regular meeting at Masonic temple yesterday afternoon by Mrs. Melba French Barr, accompanied at the piano by Mrs. Anna C. French.

A special bit of added interest to the program was the glimpse of what happens back of the stage curtains before the usual performance, when Mrs. Barr "made-up" for her East Indian impersonation in plain view of the club members.

Attention of the club members was called to the expense which would be placed before the club if a clubhouse with an auditorium seating 2,000 would be considered in the erection of the new edifice for the Tuesday Afternoon club, and this matter will soon come before the members for discussion at a meeting of the organization in the near future.

Section meetings were announced as follows: Shakespeare section, Monday, January 30, at home of Mrs. Eustace L. Young; music section, Mrs. A. M. Draper, 534 North Kenwood street, Friday, January 27; parliamentary law section, Wednesday, January 25, Miss Eva Daniels, 324 West Colorado street; arts and crafts, Thursday, at library. Applications for membership were read from seven candidates.

Social Afternoon Next

Mrs. C. E. Hutchinson, president, announced that the next regular meeting of the club will be in the form of a social afternoon with Mrs. H. E. Bartlett in charge, and the program for which will include two artists who have been secured through the courtesy of the Loomis-Shuck Music company, Henry Souvaine, pianist, and Miss Penelope Davies, pianist.

A general invitation to the public has been extended to attend the

BUSINESS WOMEN'S CLUB, AT FIRST BANQUET, HEARS SUGGESTIONS UPON EMPLOYMENT AS COMMUNITY EFFORT

Private Bureaus Inadequate, Professor Stonier Says in Address; More Than 200 Members and Guests at Gathering; Excellent Program

THE INADEQUACY of the private employment bureau and necessity of considering "Employment as a Community Effort" and as a national problem was the chief thought brought out in the talk given by Professor H. J. Stonier of the University of California, southern branch, before 200 members and guests of the Business and Professional Women's Club of Glendale, which held its first banquet last night in the Chamber of Commerce Auditorium, and in which he also stated that Glendale can, if plans now outlined are carried out, become known not only on account of its remarkable growth, but also by the way it deals with the problem of placing in employment its business and professional women.

The meeting last night was full of enthusiasm and "pep," which was the cause of much favorable comment on the part of the visitors. The program for the evening included the humorous interwoven with the serious in yells, songs, music and talks.

Mayor Spencer Robinson, Secretary James Rhoades of the Chamber of Commerce, V. M. Hollister, president of the Chamber of Commerce; Mrs. C. E. Hutchinson, president of the Tuesday Afternoon club; Mrs. Mattison B. Jones, president of the Glendale Music club; Mrs. John Robert White, president of the Parent-Teacher Federation; Mrs. E. V. Bacon; president of the Thursday club; Dr. Jessie Russell and Postmaster D. Ripley Jackson were among the honored guests who were called upon and all expressed congratulation for the splendid work which has already been accomplished and which is being undertaken by the Business and Professional Women's club and also the co-operation of the various organizations represented by them.

Other special guests present included City Manager W. H. Reeves, Professor Stonier, Miss. Winifred Hausam, Miss Galpin, G. U. Moyse, R. D. White, Miss Noble, L. T. Rowley, Mrs. E. D. Yard of the Welfare Bureau, R. S. Webb, C. E. Kimlin, Ed. M. Lee, T. D. Watson of the National Guards, G. H. King, Daniel Campbell and Mrs. Mabel Tight.

Both Songs and Yells

Interspersed between th courses of the banquet, which was served by the Glen Inn, were yells written and led by Mrs. Edith Gregg, and songs dedicated to Mayor Robinson and James M. Rhoades, written by Dr. Laura Brown, chairman of the hospitality committee who had charge of the banquet.

Mrs. Margaret Biggs, president of the club, extended greetings to the guests and told of some of the aims of the club, a number of which have already been accomplished. "The first aim is to get acquainted. Gymnasium classes have been organized and are proving very popular. A rest room has been established in the Coker & Taylor building and lunches are being served. Another aim of the club is that of vocational guidance and placement work as a help to the business women and employers." She then introduced Mrs. George U. Moyse, chairman of the vocational guidance committee, who took charge of the program.

Extend Congratulations

Miss Loy Galpin, president of the Los Angeles County federation of Business and Professional Women's clubs was introduced and congratulated club on the splendid work already accomplished.

Daughter of Henry Van Pelt Wedded to William Stadt at Home Ceremony

At a simple home wedding Miss Harriet A. Van Pelt, daughter of Henry Van Pelt of 417 North Central avenue, and William H. Stadt of 419 West Salem street, were united in marriage Tuesday morning, January 24, 1922, at 11 o'clock, at the home of the bride, which had been prettily decorated for the occasion, and which was attended by only relatives residing in this vicinity. The double ring ceremony was used, Rev. C. M. Calderwood of the Congregational church officiating.

Preceding the ceremony, Miss Emma Van den Berg, cousin of the bride, sang "I Love You Truly," accompanied at the piano by Miss Anna Van Pelt, the bride's sister, who also played Mendelssohn's Wedding March. The bride wore an attractive gown of dark blue satin and carried a bouquet of pink roses.

Following the ceremony a dainty luncheon was served, after which the bridal couple braved a storm of rice to start on an auto tour to northern parts of the state. On their return they will be at home in a bungalow at 408 West Lexington Drive, which has recently been furnished by the bridegroom and which, with the addition of the many pretty and useful wedding gifts received, will make a cosy home for the young couple.

Mrs. Stadt has been a resident of Glendale for several years, prior to which she lived at Ocean Park and Hollywood. She is a graduate of Santa Monica High school and Hollywood Junior college, and since her graduation has been employed at the Glendale office of Edwards & Wildey.

An interesting fact in connection with the union of these young people is that their wedding comes as a sequel to the marriage about three years ago of the bride's sister, Gertrude, and the bridegroom's brother, J. Milton Stadt.

As the lying in state period of the late pope drew to a close today, controversies arose over church politics and the policy pursued by Cardinal Gasparri, papal secretary of state, towards the Italian government. Members of the Italian parliament who are not affiliated with the clerical party have prepared a series of interpellations for Premier Bonomi demanding a full explanation of the attitude of the quirinal towards the vatican. It was stated that the cardinals had not received a definite decision as to when the three caskets should be sealed for entombment in a crypt. There is growing belief that the conclave of cardinals, which was originally set for February 2, will be postponed a few days to enable the American and other cardinals coming from far away places to participate in the papal election. Interest in the election, however, centers for the most part upon sensational allegations that have been made in the press regarding the use of money. The Giornale d'Italia alleges that five million lire were deposited in a Rome bank to support propaganda in favor of the election of an Italian cardinal.

Mayor Robinson All Dressed Up In Tuxedo Suit

Mayor Spencer Robinson appeared at the Business and Professional Women's club banquet last night in a Tuxedo suit!

"The first time in twenty years," he confided to some of his associates. "I gave that suit away years ago to an "extra" in the movies who said he could play a stellar role if he had a Tuxedo. Wish he'd let me know if he is the "Tailor Made Man" who is being talked about so much."

COMMENT THAT'S ALL

'Kaiserism' in California
Mere Youth Scores Again
Who Picked the Mellon?
Accounting for Palmer

By Gil A. Cowan

WHEN staid business men such as those who comprise the Chamber of Commerce directorate here discuss state railroad commission action in the terms of "kaiserism," it is time for a change!

At almost the same moment other local people were personally discussing the increased rates with Messrs. Brundige and Rowell of the commission.

After a few minutes' conversation, the latter said the question resolved itself into a "moral and intellectual issue." Chester Rowell knows better than that—the question is resolving itself into a political issue which will bring the commissions back to earth.

It is deeply hinted that William D. Stephens need not expect re-election in the face of the railroad commission making a "moral issue" out of the public's bread and butter.

Mere youth again scores! When the Palms bank was held up yesterday it took an enthusiastic youngster to jump from the truck he was driving and take after the bandits in a fast touring car while detectives brought up the rear.

Trust to the "kid's luck," no one was hurt and the two bold robbers are behind the bars, although they fired twenty shots in an effort to shake the boy in pursuit.

But it is to be presumed a clever criminal lawyer will go into the courts of justice and ask probation because the bandits gained nothing, killed no one and were only adventuresome authors or some equally silly excuse.

Wonderful encouragement is extended the former service men by The Los Angeles Times this morning in an exclusive dispatch from Washington stating that "no bonus is possible without new tax, says Secretary Mellon." The first paragraph continues:

"Burdensome additional taxation to yield $850,000,000 in the next two years will be necessary to provide the initial payments of $3,300,000,000 cash bonus for former soldiers."

Not being an international banker, or a railroad magnate, but "only a volunteer" and newspaper man, it is impossible to say that he is wrong, but it is a safe bet that Andrew W. Mellon, secretary of the treasury, actually knows less about the adjusted compensation program than some sick soldier in Walter Reed general hospital at Washington.

In a large way, the whole proposition looks to a person in Glendale something like the postoffice situation did some months ago. The official watchdogs cry "no, no, don't do it," but when the deed is done they do not lose their jobs for inefficiency. No, indeed, the inspectors who ruled against the idea claim all the credit for it.

What the American Legion wants to do right now is to escort Mr. Mellon out of the treasury department before the Pittsburg pirates succeed in getting all the gold coin stored there.

There are several echoes of the war which are chronicled in The Los Angeles Examiner this morning throwing additional light on why compensation may not be made the former service men, if congress can get out from under.

For instance, Palmer is called to accounting for the sale of Bosch Magneto company in which the Boston grand jury alleges false values were given. It is charged that the government lost the difference between $7,500,000 and $4,150,000.

In an adjoining column Walker D. Hines, former director general of the railroads, denies that the lines were "broken down" when returned to private control. Yet the price the government paid for that wartime transportation would make thousands of wounded veterans weep for joy if the money were given them.

Harlow Harrison Home Scene of Club Session

Angeles Women's Athletic club expressed hope for co-operation of the Glendale club in the work of vocational guidance which the county and state federation is starting and also extended congratulations.

Professor H. J. Stonier of the College of Commerce and Business Administration of the University of California, southern branch, was the next speaker. He explained the importance of making a survey of available positions in this city as soon as possible on account of its remarkable growth and the number of business women here now and coming.

"The establishment of national employment bureaus were started in Europe in 1851, where this problem of the unemployed was faced as a national one. In America this problem has not been met in any national way. According to senate investigation in 1913, $25,000,000 was spent a year for private bureaus finding positions for people," he said. The menace of the private bureaus as explained by Professor Stonier was the fact that it increases the cost of labor turnover for the employer by passing on to them employes whose moral character and ability has not been examined, and also to the employe because the private bureau gets its financial assistace from the people least able to render it.

Dangers to Be Faced

According to Mr. Stonier, the dangers in the establishment of a placement bureau were in the choice of the director and in getting the employers interested. In closing his remarks he stated, "This problem of unemployment is a community problem and as this city grows in business and industrial way it looms larger and larger. You men and women can make Glendale the best known city in America not only on accout of its growth, but by the way it deals with the problem of placing its business and professional women in employment."

Mayor Robinson was then called upon to present his friend John Marquardt, whom he stated was one of the great violinists of this country and Europe. Mr. Marquardt is a resident of Glendale and well-known here for his musical ability. He studied at the Royal Academy in Berlin and under the eminent French violinist, Emile Sauret, and has appeared as soloist in Europe and America with great success. He has also been recognized throughout this country as an orchestral conductor and is contemplating organizing an orchestra in Glendale. His group of three numbers were most enthusiastically received. He was accompanied at the piano by Harry Girard. The selections rendered were "Fantasie Mignon" (Sarasate), "Hobgoblins" (St. Lubin), and "Liebesfreud" (Kreisler).

She Tells of Problems

Miss Winifred Hausam, who is in charge of the county and state vocational and placement work for the federation of business and professional women's clubs and also of the Pasadena bureau, was the next speaker, and told of problems which must be met in establishing such a bureau, and how this could be accomplished in Glendale. The biggest difficulty to be overcome, she stated, was to get employers to go into detail as to the kind of an employe they are seeking.

During its first year the Pasadena bureau placed over 400 employes and last year over 700. Captain Conner, secretary of the Merchant's association of Pasadena, was then introduced by her and told of the great help to the business men and of the wonderful success which has been met by the bureau in that city. He urged the importance of placing in charge someone who understands vocational and placement work from beginning to end.

Mrs. Moyse stated taht the vocational committee of the Glendale club plans to establish a bureau gradually and that at first registrations of those seeking employment will be made at the rest rooms and also will co-operate with those seeking employes. She stated that with the proper spirit shown it will not be very long before a trained woman will be put in charge.

Girards Prove Popular

Mr. and Mrs. Harry Girard, who are very popular in Glendale and southern California for their musical ability, were then introduced and gave the following numbers, all of which were enthusiastically received and appreciated, especially the one of Mr. Girard's own composition: "Barcarolle" (Chaminade), "Poppies" (Silverwood); and "Mother Love" (Girard).

In closcing Mrs. Biggs expressed appreciation for co-operation and approval shown by the various organizations in the efforts of the business women's club since its organization four months ago.

WORD OF MOTHER'S DEATH

Mrs. Presley O. Lucas of 358 Riverdale drive received word this morning of her mother's sudden death at London, Ky., and Mrs. J. Kreech and Miss Fannie Landrum, two other daughters, who are residing here will leave immediately with Mr. Kreech to attend the funeral services. It may be that Dr. and Mrs. Lucas may also return to their former home, but at this hour no decision had been reached.

MAY POSTPONE CONCLAVE

ROME, Jan. 25.—The newspaper Tribuna quotes a "high but unnamed prelate" as saying that the conclave of cardinals may be postponed from February 2 to allow the two American cardinals and others from far-away countries to participate.

Cardinal Gasparri, the papal secretary of state, warned the sacred college that the conclave must observe unprecedented economy because of the hard times.

War Over, So Why Raise Rates, Is Asked

(Continued from Page 1.)

a premium on it, by giving the P. E. an increase of rates."

Referring to the charge made by the city attorneys of Glendale, South Pasadena, and Alhambra that the increased rates are in violation of the state constitution because through fares are in excess of the sum of local fares between the cities and Los Angeles, Reeves said:

"If the railroad commission has power to authorize the violation of the constitution it seems entirely wrong and their power should be curtailed."

When Reeves made that statement Harley S. Brindige interrupted to say:

"The commission feels it should not be held responsible for the power conferred on it by that same constitution, which, it is claimed, is violated. If the people wish to curtail the power of this commission, the responsibility is with them."

Reeves, in answer to questions, by Bert P. Woodard, city attorney of Glendale, also charged that the report to the commission of its chief engineer, Richard Sachse, stating that the Pacific Electric tracks in Glendale were paved was erroneous. He testified that the Glendale tracks were not paved.

The Glendale city manager also protests strongly against the accommodation furnished by the Pacific Electric for Glendale passengers, declaring that they were compelled in Los Angeles to wait for their cars in an "antiquated shack" in the rear of the P. E. station and in a district which was dangerous for an unescorted woman to pass through at night.

Hot Arguments Heard at P. E. Rate Inquiry

(Continued From Page 1)

commutation tickets was launched at the hearing by attorneys representing suburban cities. They contended the rule requiring that all ticket books be purchased on the first day of each month worked a hardship on thousands of workers.

Official announcement also was made that the motor bus line will be established to haul passengers from Santa Monica and Venice to yellow car terminals in Los Angeles unless the railroad commission revokes or reduces present rates.

This announcement was made by Arthur Weber, city attorney for Santa Monica, and Charles W. Lyon, city attorny for Venice, who stated that plans for the establishment of the motor bus line had been completed.

By the establishment of the bus line carrying passengers, commuters it was said will save between 30 and 40 cents a day under the increased rates granted the Pacific Electric.

Weber and Lyon announced that should the commission uphold its decision giving the Pacific Electric the increased rates application for permission to establish the bus line will be made immediately.

LOCAL BASKETBALL TOSSERS ANNEX HARD CONTEST

High School Heavyweights Win Game by Score of 29-17; Lightweights Beaten

Glendale high school's heavyweight basketball tossers won a spectacular and hard-fought game on the local court yesterday afternoon when they defeated the self-named Pico Heights Athletic club squad, which is made up of students of the Loyola college of Los Angeles, to the tune of 29 to 17. It was reported that the Loyola authorities have forbidden the students to play in any athletic contest on a team representing the institution, hence the new monicker.

The game, which was a practice affair, was "nip and tuck" all the way through, with one team leading for a few minutes only to have the under dog surge ahead within the next series of plays. It was not until the last few minutes of play that "Bill" Goertz, Coach Butterfield's star forward and all around performer, suddenly developed a mania for basket shooting that gave the Red and Black quintet the twelve-point lead.

First Half to Visitors

If anything, the locals were outplayed during the first half, the score at the intermission being 12 to 7 in favor of the visitors.

The Glendaleites, however, seemed to have acquired the invincible "victory fever" during the ten-minute rest, their efforts during the final period being too much for the Los Angeles players. The aforementioned Goertz, with the able assistance of Vic Colburn, his running mate, proved to be too fast a combination for their opponents, the former being responsible for two-thirds of Glendale's points.

"Stubby" McDermott Active

For the losers "Stubby" McDermott, their stocky little forward, proved to be the foremost performer of the day. His work both on the offense and defense was far above par, his ability to shoot the pellet through the small iron ring with two or three opposing players "on him" being nothing short of miraculous. He was directly responsible for 9 of his team's 17 markers.

The line-ups were as follows:

Pico Heights Athletic Club—Forwards, Rafferty and McDermott; center, Shervick; guards, Rode and Sherwood. Substitutions — McKee for McDermott, McDermott for McKee.

Glendale—Forwards, Goertz and Colburn; center, Worthman; guards, Cline and Ringstad. Substitutions —Begg for Worthman, McIver for Ringstad.

Little Fellows Active

While the first team was battling the Pico Hefghts boys in the local gymnasium, Coach Hayhurst and his 130-pound Midget casaba artists were "doing themselves proud" up in San Fernando. Although the Red and Black lightweights came out on the short end of a 15 to 12 score it should be noted that they were playing against the Mission City's first team, who outweighed, outreached them throughout the game.

The contest was the second time that the local Midgets have been pitted against competition this year and Coach Hayhurst is more than pleased with their showing. Many of the local students are looking forward to a repetition of the past season's "underslung" football championship and it will not be surprising if Coach Hayhurst and his 130-pounders breeze through the Central league season without a defeat.

Aageson, last year's first string twirler on the baseball squad, was the shining light in yesterday's game, his sterling playing at center being largely responsible for Glendale's excellent showing. The other members of the local basketballers were Roach, Butts, Bryant, Haig, Griffith and Morgan.

open forum meeting the first Tuesday in February, at which Dr. E. C. Moore, president of the southern branch of the University of California will speak on "The Pan-Pacific Educational Conference and Its Effect Upon Our Present Day Education." At the close of the meeting refreshments will be served.

Announcement was made of the Boy Scout banquet to be held Friday night of this week, of the meeting of mothers and wives of men who took part in the war, and also of the entertainment to be given Tuesday, January 31, for the benefit of the Monte Vista Home.

Donations Are Made

Mrs. R. W. Meeker, chairman of the committee of Glendale women who assisted in furnishing this home for undernourished children of Los Angeles county, stated that the purpose of the entertainment, which is to be given by the pupils of the Pearl Keller school, was to wipe out the debt still owing on these furnishings. She stated that the T. D. & L. theatre had donated $100 toward the rental of their theatre, where the program will be given, and that The Glendale Evening News had donated 1000 tickets and other merchants had given sums of money.

The artists of the afternoon were then introduced by Mrs. Hutchinson, Melba French Barr and mother, Mrs. Anna French, who accompanied her at the piano. Mrs. Barr is a singer of splendid ability and is an unusual dramatic interpreter, as well as violinist. The program presented included the following numbers:

Dramatic: "The White Silhouette" (Lent).

Violin: "Mazurka" (Volpe).

Vocal: "In Those Soft Silken Curtains" from "Manon Lescault" (Puccini).

Given in Dialect

Dramatic: Swedish dialect, "Mrs. Petersen and Mrs. Olson," Italian dialect, "Nicoletta," and "A New York Newsboy."

"Jean" (Spross).

"Duna" (McGill).

The Knabe piano used was through the courtesy of the Loomis-Shuck Music company.

Intermediate School's Basketball Team Loses

Intermediate school was defeated by the score of 33 to 11 in basketball yesterday afternoon on the southern playground by Cerritos school. Features of the games were the baskets made by Charlie Boring, forward for Cerritos, and good defensive playing by Wilbur Davis, center for the same team and the spirit shown by both teams. Other players for Cerritos were: William Chamberlain, forward; Lewis Moniot, Russell Huse and Hal Barrett, guards.

Last week a team from Cerritos went to Eagle Rock and returned home victorious in a game during which Charlie Boring and "Bill" Chamberlain starred as forwards.

Tomorrow afternoon a game has been scheduled between Cerritos and Rowan school of Los Angeles in Glendale.

POPE'S FORTUNE SHRINKS

ROME, Jan. 25.—Vatican officials got a surprise when the strong box containing the personal fortune of the late Pope Benedict XV was opened. It was found to contain only 700,000 lire (normally $135,100), whereas it had been expected that the pontiff possessed at least 2,000,000 or 3,000,000 lire in money.

Almost any man could become rich if he could only begin at 20; but that would be extraordinary.

Teachers' Club Hears Value of Organiation

"The Value of Organization" was discussed yesterday afternoon by Dr. Jessie Russell at the Intermediate school before the City Teachers' Club. She declared that organization was absolutely essential for the accomplishment of any real worth while project. She complimented the Parent-Teachers' Association for the way in which it brings groups together irrespective of social, political or religious interests.

CHRISTIAN CIRCLE CLUB BANQUETS

Mother and Daughter Meeting Thoroughly Enjoyed by More Than 100 Folk

The mother and daughter banquet held last night by the Christian Circle Club proved highly successful, about 115 being present.

The delicious meal was served by the women of the Tropico Presbyterian and Central Avenue Methodist churches.

A song to the mothers preceded the program and the meeting was made lively by original cheerios which came from various parts of the hall.

The Misses Alice Mercer and Garnet Peters sang a duet while Mrs. Cotton and Margaret Taylor made short talks. Miss Maud Soper taught the Bible lesson as usual.

Name Street in Honor of John E. Everson

The Grandview tract is meeting much favor in the eyes of the public according to A. M. Yale of Yale Brothers Realty Company, 249 North Brand boulevard, who announced yesterday afternoon that over one-third of its lots had been sold in the first two weeks.

John E. Everson of 611 North Central avenue is the owner of this tract. He is now supervising the paving of a street one block east of Grandview avenue between Sixth and Tenth streets, named "Everson avenue" in his honor. This street is 933 feet long and divides the tract. Sixth street is graded and oiled, already and Mr. Yale says it is better than many streets he has seen in the vicinity because it has no bumps in it.

The lots are 50 by 135 in size and are selling between $950 and $1200.

The tract is planted with orange, lemon and avocado trees which are laden with fruit, some of which is being displayed in the window of the Yale Realty company.

EAR WIGGLER IS WANTED AT SCHOOL

Stunt Show to Be Given and Lad Who Can Do Trick Needed on Program

Teachers at the Intermediate school today are on the lookout for a youngster who can wiggle his ears.

No, that isn't one of the requirements for graduation.

But a competent "ear wiggler" will be given an important part in the "stunt show" to be repeated Friday night in the school auditorium at the special request of the Parent-Teachers' Association.

As a result of the two performances given last Friday the pupils will be able to invest $100 in athletic paraphernalia this semester. Profits from the repetition of the bill will be divided between the Athletic Association and the Parent-Teachers' Association.

SEARCH FOR HOME ENDS WHEN THEY SEE VERDUGO

W. C. Scott and Family Are Building in Woodlands; Many Lots Secured

W. C. Scott and family, who motored to Southern California from Springfield, Ill., recently, arrived in Glendale a week ago in their quest for a home in the west and while they didn't find it built, they bought the vacant lot in beautiful Verdugo Woodlands and already have a six-room structure under way at Woodlands lane and Canada boulevard.

J. W. McKee is another home builder in the Verdugo Woodlands district at present, having a six-room house under way at El Rito drive and Canada boulevard. Much of the building going on in the hills is hardly noticeable because of the hidden locations of the homes.

Others Buy Property

"Casey" C. Streeter, a Santa Fe engineer running west out of Kansas City, Mo., is an interesting visitor at the O. J. Demars' home, 816 East Lomita avenue. Mrs. Streeter accompanied her husband on this "last vacation" as they intend to come to California this fall and build on their property in Verdugo Woodlands, where they will reside permanently.

Hundreds of other tourists have bought desirable residence property in the Woodlands and are waiting until such a time as they retire to improve it with fine homes—a lifetime's ambition, in most instances.

Here Is Chance to Show Appreciation Disabled Veterans

Editor The Evening News—As you are no doubt aware, Thornycroft Sanitarium is now caring for from sixty-five to seventy disabled veterans of the world war for the government. One of the greatest needs of these patients is for a source of amusement which will keep them at home and in a contented frame of mind. To this end the management of Thornycroft has just completed a very satisfactory amusement hall 25x40 feet, cement floor, etc., at a cost of about $1200 and the patients with the aid of their friends and well wishers are seeking to equip and furnish it. So far we have obtained a certain amount of furniture, rugs, musical instruments, library, heaters, etc., and I have purchased from the Brunswick Balke Collander company two good pool tables at a net cost of $450, the company having made us an allowance of approximately $200 on the tables and equipment.

Everything secured so far has been paid for and I have $225 to apply on the tables. I am now trying to secure donations to make up the other $225 and would be very much pleased if you would give the cause publicity. Any friend of the veterans who would care to help this plan may mail check to me. Also anyone having a picture, piano or reading table lamp, library table, an easy chair or any article which would be suitable for such an amusement hall to donate to us would confer a favor if he or she would notify me of the fact.

I know of no more worthy cause to support than anything which can make the lot of our disabled soldiers more happy.

Sincerely yours,
WM. C. MABRY,
115 E. Acacia Ave.,
Glendale, Calif.

GET LIFE IMPRISONMENT

OKLAHOMA CITY, Okla., Jan. 25.—Sentence of life imprisonment was imposed on three men who pleaded guilty to charges of lynching Jake Brooks, negro packing plant strikebreaker. The men were Chas. Polk, Lee Whitly and Elmer Yearta. Whitley and Yearta were strikebreakers, while Polk was a sympathizer engaged in picketing. All three, however, denied the lynching was participated in or counselled by union leaders.

—This beautiful home is at Verdugo Woodlands—in the "valley of a thousand vistas."

The wealthy owner of this mansion could have chosen any section of Los Angeles or environs for his permanent estate. He selected the Verdugo Woodlands district because of its surpassing scenic beauty and unrivalled residential advantages. He wanted the **best** that Southern California affords—all within five minutes of Glendale's metropolitan business district. He found it at Verdugo Woodlands.

Are **you** going to wait until this unique foothill property is gone? Are you going to delay until you will have to pay double or treble present prices?

Verdugo Woodlands is the **best** residential offering in Glendale. Ask any resident of the "vale of a thousand vistas."

Charming all-view sites at $1000 and upward. Beautiful homes—our own construction—for sale at $7500 to $12,000—cash or terms.

John Barrymore in 'The Lotus Eater' Is T. D. & L. Feature

The strange adventures of a youth who spent twenty-five years on his yacht, cruising from one country to another and yet never setting foot ashore, is related in "The Lotus Eater," an Associated First National attraction which is to be the feature at the T. D. & L. theatre for a run of 3 days, starting yesterday.

John Barrymore, the foremost of actors, is the star of the picture.

Because of his disastrous marital experiences, young Jacques Lenoi's father, to save him from the wiles of crafty women, extracted a promise from the boy that he would remain on the yacht, the "Psyche," until he was twenty-five years of age. He did.

But the father's plan, well-intended, did not work. For Jacques fell in love with the first young woman to whom he was introduced and it was not long before they were married. Then it was discovered that his father's will had provided for just such a contingency, and that as a result of his act he was to receive only one-third of the income of the estate.

The tightened purse strings soon began to pall on his wife, and before long trouble brewed. But eventually Jacques found real love and happiness—on a South Sea island.

The feature is balanced off with an exceedingly good comedy "Rolling Stones," with Floyd Hamilton, Kinograms of current events and an interesting scene of New York's east side.

BANDITS STEAL DIAMONDS

CHICAGO, Jan. 25. — Bandits seized $6,000 worth of diamonds at the Avondale Jewelry store after cowing Benjamin Wernikoff, the proprietor, and his family.

PLAN $75,000,000 BONDS

WASHINGTON, D. C., Jan. 25.—An attack in the Senate on the administration of the federal farm loan board by Senator Fletcher (Democrat) of Florida, brought the announcement from Senator Smoot (Republican) Utah, that the board proposed within a few days to issue $75,000,000 worth of bonds.

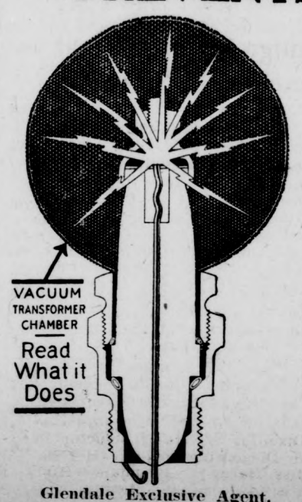
Fletcher charges that the board had held up application for loans aggregating many millions of dollars "while farmers unable to get loans were losing their homes and abandoning their families because they cannot meet credit."

SENATE REJECTS DEMAND

WASHINGTON, Jan. 25.—The Senate has rejected by a viva voce vote the resolution of Senator Walsh, Democrat, calling upon the president of the United States to lay before the Senate all the facts in the Shantung negotiations now before the armament conference.

Senator Curtis, Republican, Kansas, requested that action be taken on the resolution without debate, stating that this was the desire of Senator Lodge, Republican, Massachusetts, member of the American delegation. Senator Jones, Republican, stated to the Senate that he thought the passage of the resolution was unwise.

PREVENTS CARBON



—You have more or less carbon trouble from the fuel you are using these days. A great deal of your carbon trouble is due to improper firing of your mixture. The ordinary faint, slow spark explodes only a part of your mixture, leaving unfired a portion which accumulates as carbon.

—But, with the Lynamite spark, it is vastly different. The Vacuum Transformer Chamber protects you against carbon by developing such a strong, big, quick-firing spark that ALL of your mixture is instantly exploded. The Lynamite spark is so powerful that it will fire right through soot and oil. Keep your carburetor in good order, use Lynamite Plugs, and your carbon troubles are ended, even tho you have to use a poor grade of fuel.

C. OF C. DIRECTORS URGE REPAIRS BE MADE TO BRIDGE

Los Feliz Structure In Need of Work; A. L. Ferguson in Appeal for Gym

Once again the Glendale Chamber of Commerce gets busy and asks Los Angeles city to repair unpassable highways for their own good. The Los Feliz road bridge between here and Hollywood has been washed out for more than a month and only a week's work would be required in its repair.

According to Peter L. Ferry, local contractor, there are but three negro employes of Los Angeles kept at work with shovels, doing what, Mr. Ferry doesn't know, as far as repairing the bridge is concerned. So it was that the secretary was instructed to write a letter to the Glendale city council asking that it emphasize the necessity of the early repair of the bridge on the part of the metropolis.

Urges Hotel Support

R. Marshall Ferguson of the Fred B. Davis company, builders of the Glendale Hotel, made an appeal that there be "no east and no west" in Glendale and asked the support of the Chamber in putting the project across. Once again it was referred to the hotel committee with instructions to report at the earliest moment.

A. L. Ferguson, principal of the night high school, invited members of the board, as well as members of the Chamber at large, to avail themselves of the opportunities offered in the various branches of study. However, he dwelt on the gymnasium work which starts out with fifteen minutes calisthenics, followed by volley ball.

Experiment Proposed

The directors agreed that David L. Gregg should attend and if he showed any improvement as a result of the course, the others would be glad to consider its advantages.

Mr. Ferguson also suggested that a course in finance might be established for those who wished to learn the difference between stocks and bonds, and kindred information.

Subject to Recall?

In addition to a sizzling resolution against the Pacific Electric passenger fare increase, the directors were addressed by G. W. Whitman of Los Angeles, who is fostering a move to make the railroad commission subject to the recall of the people, although they will be appointed by the governor. At the present time it is impossible for the people to have any recourse, much less the official who appoints them.

On motion of D. L. Gregg, $50 was voted the Boy Scout council, and a committee will attend the banquet to be held Friday night for the purpose of raising a $4500 budget.

High School Sophomores Enjoy Swimming Party

A goodly crowd of sophomores from the high school motored to Los Angeles last Saturday night and had a merry swimming party, lasting an hour or so. They returned to Glendale and passed the remainder of the evening with informal dancing at the home of Mr. and Mrs. Charles B. Guthrie, 318 West Patterson avenue. Light refreshments were served by the hostess.

Those participating were Dorothy Houston, Evelyn Hunt, Catherine Guthrie, Valeria Trimmer, Florence McLaughlin, Alice Farrow, Margaret Longley, Margaret Brown, Lois Naudain, Evelyn Thomas, Emma Laura Cooper, Bob Frazee, Thomas Wood, Leslie Hatch, C. G. Farrow, Ralph Van Horbeck, Ed Rike, Jack Huntington, Boyd Taylor, Douglas White, Charles Worley, Carlton Walker, Eugene Wernette, Robert Roach, Teed Haig, William Empey. They were accompanied by Mrs. C. W. Houston and Mr. and Mrs. Charles B. Guthrie.

WIFE BEATEN, IS CHARGE

CHICAGO, Jan. 25.—Married life for Mrs. Helen Cunningham Carr, wife of Alexander Carr, noted actor, was just one beating after another, she told Judge Lynch, who heard her plea for divorce in circuit court here. Judge Lynch indicated he would grant a decree on grounds of cruelty.

Mrs. Carr, who recently starred in New York in "The Demi-Virgin," said that her husband had beaten her in Duluth, Victoria, B. C., and other cities. "He often tried to kill me and in January, 1921, he tried to throw me out of the window.," she testified.

The Carrs were married in 1919 Carr is best known for his performance in "Potash and Perlmutter," in which he was co-star with Barney Bernard.

TRACK AND FIELD WORKOUTS ARE UNDER WAY AT GLENDALE SCHOOL

Coaches Keeping Tab on Youngsters in Hope Stars Will be Developed From Much New Material

By Howard McGillis, Sporting Editor The Evening News

With the basketball season well under way and daily practice in track and baseball being held on the local athletic field Coaches Hayhurst and Butterfield of the Glendale high school are being kept more than busy these days keeping "tab" on the numerous Red and Black hopefuls who have aspirations of breaking into the Southland's prep sport headlines during the next few weeks. The present enrollment of approximately 1250 students promises to put Glendale in the very front row in southern California's high school athletic happenings within the next year or two, and it is only a matter of time until the locals will outgrow the Central league, of which they now are members.

Opening Meet Feb. 3

Contrary to the customs of the past, a considerable amount of time is being spent this season on prospective track and field stars, who will form the most representative aggregation of G. U. H. S. that has performed during late years. The opening meet of the year will be with San Fernando and will be staged on February 3.

The most likely candidates for places in the various events are as follows:

Dashes—Willard Roberts, Theodore "T'ed" Haig and Walter "Brick" Sullivan; hurdles—Dick Kelsey, Ralph Putnam and Carlisle Bailey; 440 and 880 yard runs—Fred Stofft and "Brick" Sullivan; mile—Morris Eubanks; high jump — Norman Begg; pole vault—Earl Boehm; broad jump—George Russ and Horatio Butts; shot and discus—Atwood Dutcher and Clifton Clouse. Of the entire list Begg and Boehn are the only letter winners from last year's squad, they having placed in their events in the 1921 Central league meet.

Chances In Baseball

Glendale's chances in baseball will be more promising than in any other line of sport of the season. With six of last year's team members out for places Coach Hayhurst's job promises to be one casting aside the poorest players rather than selecting the best. Pete Fruhling, shortstop, and Tommy Morgan, catcher, who were the individual stars of the 1921 nine, have been out limbering up during the past week and from all appearance will be of even greater value to the team than they were last year.

Fruhling, who was easily the most valuable infielder in the league last spring, has already been picked by many local followers to repeat the performances of Howard Ehmke, Hasty Bidwell and "Lefty" Herman, who entered directly into professional ball after leaving the local institution.

Workouts Soon Start

The other letter men who will make bids for the 1922 team are Wesley Aageson, pitcher; Dale Wood, pitcher and utility outfielder; Fred Terzo, outfielder; and Marshall Wilson, second baseman. Ed Rike, last year's freshman who proved to be the season's dark horse when he successfully succeeded "Lefty" Herman at first base during the latter part of the season, will be missing from the line-up, he having dropped out of school several months ago.

The other members of last year's team—McNary, Weetman, Dennison and Merriken—have been lost through graduation.

Actual workouts of the baseball candidates will be held within the next few weeks, several practice games having been scheduled for the latter part of February. The playing field was scraped last week and is being used for "unofficial" practice every afternoon.

SWIMMING PARTY FOR HI-Y BOYS

Eighty - five Glendale Lads Invade Pasadena; Program in Y. M. C. A. Building

A group of eighty-five of the Glendale Hi-Y boys held a meeting Monday night at the Pasadena Y. M. C. A. building, followed by a swimming party in the plunge.

The boys were accompanied by P. L. Hatch, Howard Butterfield, G. Edwin Murphy, Carl Seiter and Rex C. Kelley.

Dr. Henry R. Harrower also accompanied a group of boys from the Seventh Day Adventists' school.

The meeting was in charge of the Glendale Hi-Y president, Dale Wood.

Loren Bell, boys' secretary of the Pasadena Y. M. C. A. talked to those present on "Things You Should Do."

'Rip Van Winkle' Is Delightful Picture on Glendale's Bill

"Rip Van Winkle," which opens this afternoon at the Glendale Theatre, where it will fulfill a three-day engagement, is a picture which will certainly delight every type of theatre-goer for it contains every single element that makes for success.

There is comedy, clean, fast-moving, side-splitting, and tense drama to hold you engrossed. The choice of players was a singularly fortunate one, for each artist is admirably suited to his or her role.

Thomas Jefferson as "Rip" gives a masterful performance—one which entitles him to a place beside Joseph Dowling—"The Miracle Man" of illustrious memory—or Frank Bacon of "Lightnin'" fame. And his supporting cast, which includes Milla Davenport, Pietro Sosso, Francis Carpenter—the child actor—Max Asher and Daisy Robinson is almost equally gifted.

As the whole world knows "Rip Van Winkle" was written by Washington Irving. For many years "Joe" Jefferson played it upon the stage and now Thomas Jefferson, his son, has given the screen a characterization which will long endure. All the teachers and principals of the Glendale schools will be guests of Manager Wm. A. Howe tonight. Tomorrow night Glendale and Pasadena Rotarians will be his guests.
